Laurent

This wall tile improves the appearance and color contrasts of Marquina marble with a more refined design. With a 59.6 cm x 150 cm format, the pieces in this collection reproduce the whitish veins of this rock and its design lends greater personality to spaces thanks to its purity.

# Baltic

Baltic Bookmatch  
59,6 cm x 150 cm

Baltic pieces recreate the naturalness of Carrara marble with the technical qualities of ceramics. The main innovation presented in this collection with respect to the original marble is the definition of its veins and the strength of its surface. This, in turn, expands the use of this material to interior and exterior spaces and allows the design of fine and unlimited spaces.

Massa

Massa Bookmatch  
59,6 cm x 150 cm

This collection modernises the classic marble of Greece with the incorporation of golden and grey veins. With a 59.6 cm x 118.7 cm format, the design of Massa enhances the luminosity of spaces and the resistance of the piece improves the technical properties of areas such as the bathroom or the living room.

# Dolomiti

**Dolomiti Bookmatch**  
59,6 cm x 150 cm

Returning to ancient marble, the Dolomiti pieces allow infinite spaces to be created thanks to the definition and softness of their veins, which combine the finer greyish lines with the broader white elements.

Fontana

Fontana  
59,6 cm x 150 cm

This collection defends the purity of white in its 59,6 cm x 150 cm format. The irregular and soft veins allow for an enhanced balance of points of light in indoor and outdoor spaces with beige and brown tones.

# Baltic Pulido

With a 58.6 cm x 118.7 cm and 118,7 cm x 118,7 cm format, this collection recreates the veins and the colour shifts of Carrara marble and its use as a general floor tile allows for the design of more spacious rooms. As it is a neutral collection, its combination with wrought iron furniture, minimalist lamps or light textiles will emphasise the potential of each piece.

# Dolomiti

With a 58.6 cm x 118.7 cm and 118,7 cm x 118,7 cm format, this floor tile accurately reproduces the irregular and greyish veins of ancient Greek marble. Its design simulates small crystals and enhances the brightness of each area. Especially those that may be more isolated, such as bathrooms or bedrooms.
